

FOR IMMEDIATE RELEASE

Data#3 Wins Symantec Partner Award for Fifth Year Running

June 19, 2012; Brisbane, Australia: Data#3 Limited, one of Australia's leading Information and Communications Technology companies, has been announced as the FY12 Specialised Partner of the Year at the 2012 Symantec Pacific Partner Awards.

This award recognises Data#3's expertise in delivering innovative, market-leading solutions to help protect, secure and store critical information. This is the fifth consecutive year the company has been recognised at the Symantec Partner awards.

Data#3 Group General Manager, Laurence Baynham said the company was pleased to accept this highly regarded achievement.

"Winning this award confirms our strategy in investing in technologies from the worlds-leading vendors.

"Data#3's success is built upon our achievement of 8 Symantec Specialisations, which allows us to provide our customers with an array of data protection and management solutions. The recognition from this award underpins our track record in demonstrating Symantec's security, storage and systems management portfolio to offer genuine value to our customers," concluded Baynham.

In 2011, Data#3 achieved two Symantec Master Specialisations, in the areas of Data Protection with NetBackup, and Archiving & eDiscovery. Achieving Master Specialisations demonstrates that Data#3 has met Symantec's stringent standards in delivering advanced consulting and a deep expertise in designing and implementing Symantec technologies.

"The Pacific Partner Awards acknowledge the outstanding performance and commitment of our partners who have demonstrated a deep investment in Symantec and are building their specialisation expertise. I congratulate Data#3 and look forward to supporting them throughout 2012," commented Brenton Smith, Vice President and Managing Director, Symantec, Pacific region.

The Symantec Pacific Partner Awards recognise local channel partners that demonstrate innovative delivery of services and solutions to customers and acknowledge their hard work and commitment to selling Symantec's portfolio of security, storage and systems management solutions.

About Data#3

Data#3 Limited (DTL) is an ASX listed company that provides market leading technology solutions across a wide range of industries throughout Australia and Asia Pacific.

We consult with our customers to help them design, deploy and manage technology solutions through our five specialist businesses:

- Licensing Solutions: for software licensing, asset management and workforce productivity
- Product Solutions: for hardware procurement, warehousing, configuration, deployment and disposal
- Integrated Solutions: for strategic consulting, and the design and deployment of the datacentre, network and desktop infrastructure
- Managed Services: for essential support and hardware maintenance, selective outsourcing, and cloud-based infrastructure and software as a service
- People Solutions: for contractor and permanent recruitment, and human capital performance management

Data#3 reported revenues of \$697 million in the 2010/11 financial year and has approximately 1,000 employees. The company is headquartered in Brisbane and has offices across Australia.
