

## **Data#3 expects full year profit will be slightly ahead of previous guidance and consistent with long term growth trend**

**FY2012 NPBT expected to be approximately \$19.7 million**

**BRISBANE, Monday 23 July 2012:** Australian Information and Communications Technology leader, Data#3 Limited (ASX: DTL), today confirmed that its pre-tax profit for the 2012 financial year is expected to be slightly ahead of previous guidance following strong performances across all areas of the business in June.

While yet to be reviewed by the company's auditors, Data#3 expects to generate a pre-tax profit of approximately \$19.7 million for the 2012 financial year. This is consistent with the long term growth trend, and slightly ahead of the previous guidance range provided of \$18.5 million to \$19.5 million.

With cash flow remaining strong and minimal debt, the board intends to continue dividend payout rates similar to those of previous years.

Data#3's full year 2012 results and associated dividend will be announced on 24 August 2012.
