Data#3 Wins Microsoft Enterprise Partner of the Year Award

August, 29, 2013; Brisbane, Australia: Data#3 Limited, one of Australia's leading Information and Communications Technology companies, has been announced as the 2013 Microsoft Enterprise Partner of the Year.

Data#3 was successful in being selected for this award from a national field of top Microsoft Australia Partners for developing and delivering exceptional Microsoft-based solutions for customers at the 2013 Microsoft Australian Partner conference held in Cairns last week.

This award underpins Data#3's Microsoft achievements in 2012 and builds upon its recent recognition as Microsoft's Global Devices and Deployment Partner of the Year award at the Worldwide Microsoft Partner conference.

Data#3 Group General Manager, Laurence Baynham said the company was delighted to have won this award from Microsoft.

"Data#3's success in winning the Enterprise Partner of the Year reflects our company strategy to partner with global leaders and consistently offer our customers outstanding solutions through a Hybrid IT environment.

"This award follows on from our recent success at in winning the Global Devices and Deployment Partner of the Year at Microsoft's Worldwide Partner Conference, a recognition that demonstrates Data#3 as one of Microsoft's leading partners in the Asia Pacific region and the capability of our team.

"This award is a significant achievement for our business, as it recognises our strength and ongoing capability in Microsoft technologies. It is instrumental in our ability to offer customers choice and demonstrate the value of an engagement with Data#3 and our award-winning Microsoft software licensing and services practice," concluded Baynham.

About Data#3

Data#3 Limited (ASX: DTL) is one of Australia's leading business technology solutions companies servicing customers across a wide range of industries throughout Australia and the Asia Pacific.

The company was established in 1977 and listed on the ASX in 1997.

Working with customer's business and technology teams, Data#3 addresses the *Hybrid IT* environment from *on-premise* to *outsourced* to *cloud,* through its consulting, software, infrastructure and managed solutions. These solutions leverage market-leading technologies from global vendors and Data#3's knowledge, expertise and experience to accelerate the achievement of customer business objectives:

- Consulting: for strategic and transformational services that enhance returns from business technology solutions
- Software Solutions: for software licensing and deployment; asset management; and business productivity
- Infrastructure Solutions: for hardware lifecycle management; maintenance; and datacentre, network and desktop infrastructure
- Managed Solutions: for staffing; outsourcing; essential support; 'as a service'; and cloud brokerage.

Data#3 reported revenues of $771 million in the 2012/13 financial year, and has approximately 900 employees. The company is headquartered in Brisbane and operates from 12 locations across Australia.
