FOR IMMEDIATE RELEASE**Data#3 Named Platinum Reseller by Veeam**

September, 23, 2014; Brisbane, Australia: Data#3 Limited, one of Australia's leading business technology solutions companies, today announced its new partner status with Veeam® Software.

The Platinum Reseller status is the highest level of membership in the Veeam ProPartner Program globally. As a key partner within the program, Data#3 has a proven history of success in delivering Veeam solutions which deliver Availability for the Modern Data Center™.

Data#3 Group General Manager, Laurence Baynham said that the recognition as a Veeam Platinum Reseller is a great achievement by the team.

“We are proud of our long-standing relationships with world-leading technology vendors. These relationships and the acknowledgement as one of their strategic partners is a key component of our strategy to provide choice for our customers in sourcing and applying technology to meet their objectives.

“We are also pleased to announce that we are the first Platinum Partner in APAC – which firmly positions our success in delivering Veeam solutions to our customers,” added Baynham.

“Data#3 is the first partner to be bestowed Platinum Reseller status by Veeam throughout the entirety of the APAC region and this speaks volumes for the knowledge and expertise available at Data#3,” said Don Williams, Vice President for Asia Pacific of Veeam.

“As a Platinum Reseller, Data#3 has demonstrated close alignment with Veeam's business, playing a key role in identifying solution opportunities that help their customers achieve an Always-On Business.”

About Data#3

Data#3 Limited (ASX: DTL) is one of Australia's leading business technology solutions companies servicing customers across a wide range of industries throughout Australia and the Asia Pacific.

The company was established in 1977 and listed on the ASX in 1997.

Working with customer's business and technology teams, Data#3 addresses the **Hybrid IT** environment from **on-premise to outsourced to cloud**, through its software, infrastructure, managed and application solutions. These solutions leverage market-leading technologies from global vendors and Data#3's knowledge, expertise and experience to accelerate the achievement of customer business objectives:

- Software Solutions: for software licensing and deployment; asset management; and business productivity
- Infrastructure Solutions: for hardware lifecycle management; maintenance; and datacentre, network and desktop infrastructure
- Managed Solutions: for staffing; outsourcing; essential support; 'as a service'; cloud brokerage; and consulting
- Application Solutions: for enterprise productivity applications and Wi-Fi business analytics.

Data#3 reported revenues of \$833 million in the 2013/14 financial year, and has over 1,000 employees and contractors. The company is headquartered in Brisbane and operates from 12 locations across Australia.
