**FOR IMMEDIATE RELEASE****Data#3 a Finalist at the 2015 Microsoft Worldwide Partner Awards**

**June, 17, 2015; Brisbane, Australia:** Data#3, one of Australia's leading business technology providers, has been named a finalist in two categories at the 2015 Microsoft Worldwide Partner Awards.

With over 2,300 entries from around the world, these awards recognise top performing Microsoft partners that have developed and delivered exceptional Microsoft-based solutions during the past year.

Data#3 achieved Finalist status in the 'Public Sector: Government' category, as well as 'Devices and Deployment (Desktop)' – a category in which Data#3 has enjoyed previous success (Winner 2013 and Finalist 2014).

Data#3's Chief Executive Officer, Laurence Baynham, said the company was delighted to be recognised on the global stage.

"To be named a Finalist in two categories at these highly coveted awards is a huge honour for an Australian company. Not only does it validate our strategic direction towards a solution and services organisation it also reinforces our commitment to Microsoft's cloud services strategy. The award also acknowledges our strategic and technical expertise in deploying new and innovative technologies."

"We're particularly proud of our work in designing and implementing a Microsoft cloud mobility solution for the [Department of Foreign Affairs and Trade](#). The agency was deployed in record time and under budget, this was a great example of Data#3's capability in delivering customer-focused business outcomes," concludes Baynham.
