Dear [D E C I S I O N   M A K E R]

I have been invited to attend **JuiceIT 2026** and would like to request that I attend the event, as I believe it will further develop my understanding, skills and knowledge around new, innovative and proven ICT solutions.

This event takes place in the following locations, on the following dates:
Perth - Thursday 5 March 2026, Pan Pacific Perth
Adelaide - Tuesday 31 March 2026, Adelaide Convention Centre
Brisbane - Wednesday 22 April 2026, Brisbane Convention and Exhibition Centre
Suva (Fiji) - Wednesday 7 May 2026, Grand Pacific Hotel

JuiceIT offers a full day of presentation sessions, demonstrations and product showcases from **world-leading technology vendors**. It is widely regarded as a "must attend" event on the IT calendar for key decision makers and IT Managers alike. The 2026 event will bring together over 1600 delegates across the four locations.

JuiceIT 2026 will help attendees embrace these new innovations, enhance their current environments and evolve their business approach to people, processes and technology. Through an eye-opening keynote and informative breakout sessions, attendees will leave the event understanding how they can create a strategy to deliver the digital future. They will also have the chance to network with like-minded peers and speak with Data#3's experts, along with world-leading technology companies, about how to make the progress they need to deliver true business value.

I'd like to attend JuiceIT to:

- **Hear solution experts from world-leading technology providers**, who will guide delegates in the effective design, deployment, operation and management of world-leading ICT solutions.
- **Gain direct access** to latest release product demos and get direct 1-to-1 face time with sponsors such as Microsoft, Cisco, Airlock Digital, Veeam, 11:11 Systems, Adobe, HP, Synology and Dell Technologies
- **Network with peers**, giving me the opportunity to raise our profile and develop our industry relationships and contacts.
- **Engage in over five hours of learning in sessions** across a variety of topics and technology solutions

Here's what some previous attendees have said about JuiceIT.

"Each year JuiceIT gets bigger and better and the team at Data#3 do an excellent job in preparing and running this event. I always find the breakout sessions informative which gives me new insights as to how I can do things smarter in my job."
"I left JuiceIT with a reinvigorated perspective on how IT can aid our organisation in furthering business outcomes."
"A well-balanced event providing valuable insight for both technical ICT practitioners and high-level managers."
"JuiceIT was a fantastic opportunity to talk face to face with suppliers in a relaxed environment."

There is <u>no cost to our organisation</u> for me to attend, as this is a FREE event for delegates.
However, the approximate value of my attendance as an event delegate is $150.00. This includes all catering for the day.

When I return from JuiceIT, I will share my learnings with the rest of the team, including useful product information and upcoming releases, as well as the projected IT landscape.

To attend the event and ensure I can attend the sessions of most interest, I need to register as soon as possible.
I appreciate your support in allowing me to attend this event.
